## **I. INTRODUCTION**

The CBCI Office for SC/BC is pleased to present its biennial (2016-2017) report to the Plenary Assembly of the Catholic Bishops' Conference of India. The struggle for equal rights to the Christians of Scheduled Caste Origin, continued with new strategies. Our Office played a great role in helping the Bishops to come out with the Dalit Empowerment Policy in the Church. Considerable effort had gone into the preparation by way of consultations in the different regions and different stakeholders. Animation, inspiration and coordination programs were conducted for empowerment of Dalit Christians. The CBCI Office for SC/BC has also pursued its aims and objectives in the larger arena by way of active interaction with some National Dalit organizations and international organizations.

### **I. Draft preparation, approval, release, and dissemination of Dalit Empowerment Policy**

#### **1. Drafting of the CBCI Dalit Policy:**

Dalit Christians constitute major component of the Catholic Church of India. They have been and are trying to live out their faith as believers in Christ and the Church. They have also been trying to live as the true citizens of the country. But they continue to be excluded, discriminated and dehumanized. They were and are victims of multiple social and religious discriminations. They were and are kept as untouchables, polluted and forced to do the traditional, menial and unclean occupations. Their struggle for being constitutionally recognized as Christians of Scheduled Caste Origin has not been materialized. It is in this background a Committee of Bishops was appointed to draft the Policy, which would be taken up for discussion in the next Standing Committee Meeting (April 27-29 2016).

#### **2. Release of the CBCI Dalit Empowerment Policy**

The Catholic Church has been working for the development of the Dalits, who are in majority in the church, all these years through education and other social development programs. Through the CBCI Dalit policy the Catholic Church in India recommits itself to empower the Dalits through systematic and scientific approach and well established mechanism. It is our hope that the CBCI Dalit policy will change the lives of many Dalits in the Catholic Church. We wish that it will also show clearly to the civil society the affirmative stand on the side of the poor and the marginalized i.e. the Dalits and the other marginalized groups.

Consultation on SC status for Dalit Christians was jointly organized by NCCI and CBCI on 16<sup>th</sup> May 2017 at CBCI Centre, New Delhi with the Christians leaders in Delhi. The objective of the meeting was to discuss about the strategy for getting SC Status for Dalit Christians. There were 25 leaders from different organizations and churches who participated in the consultation. The status of the case in the Supreme Court is static and there is no progress in the formation of the bench for the case CWP 180/2004.

On the part of the Government it is very clear that there is no political will to give SC status to Dalit Christians and Dalit Muslims rather ideologically the ruling party at the center is against granting SC status to Dalit Christians and Dalit Muslims. There is no point in waiting till the end of the tenure of the present Government but to proceed with the case in the Supreme. It is the need of the hour to prepare for the case with valid arguments.

In the Advocacy level, creating public opinion about the religious freedom of the Dalit Christians and Dalit Muslims need to be strengthened. It is not just the reservation issue. While building up relations with the Hindu leaders, Hindu Gurus like Ravi Shankar with Intellectuals, and to lobby with them and continue the lobby works with UN bodies.

While lobbying with the SC Hindus and their leaders like Mr. Paswan, Mr. Udit Raj and Ms. Mayavati etc it is needed also to bring the issue to the mainstream media.

#### **V. Challenges**

- Keeping in mind the spirit of Reorganization which emphasizes the strengthening of the Regional commissions we are sorry to say that there is only one full time Regional secretary in the country. Unless there is a committed regional secretary it is difficult to take forward the CBCI Dalit Empowerment Policy. It is also the same case with the diocesan secretaries.
- Many of the Regional and diocesan commissions do not have infrastructure, personnel and financial resources to carry out the activities.
- Non acceptance of Dalit identity (lack of self-esteem) and Christian identity (to enjoy the SC status)

- Lack of Financial support for the Civil Service (IAS, IPS, IFS...) aspirants.

## **VI. Future Plans**

To organize animation and motivation programmes in order to bring better awareness among Dalits for their emancipation and empowerment; to seek the cooperation and collaboration of other CBCI Offices and organizations for this purpose;

- To help the formation of Commissions at the Regional and Diocesan levels;
- To strengthen the existing Centres for Intensive Coaching for Employment and explore the possibilities establishing Centres in other regions with local collaboration;
- To continue the struggle for equal rights for Dalit Christians in association with other Churches and various Human Rights groups
- Taking the CBCI Dalit Policy forward in all the dioceses.
- To form the Dalit entrepreneurs
- EVER : E- Volunteers- Training the youth to take up the issue of the SC status, Data bank of the Dalit Christian Human resources.
